

# PRODUCT ALERT

## NEW Joy 2 SPINNING WHEEL

First released in 1995 and with over 10,000 sold around the world, the *NEW Joy 2* spinning wheel combines all the character and beauty of the original folding Joy but with many new features including:

The orifice height has been raised 35mm (1¼ins)

More room between the bobbin and tension knob for the tension spring

Nylon 2 piece universal con rod bearings snap into place

Strong polyurethane con rod joints snap into the treadle boards to give smooth positive drive

Treadle boards are mounted on flexible polyurethane hinges for incredibly quiet, maintenance-free treadling

### ***The Joy 2 also includes:***

A sliding hook flyer with ground graphite arms and 14mm sliding flyer hooks  
Built-in lazy kate  
3 large 90mm bobbins with our new fine tolerance bearings

Convenient carry handles are incorporated into both the front and back frames under the flyer top shaft

Choose either single or double treadle or wheel and carry bag combo

Assembled and lacquered

### ***Accessories:***

Padded carry bag  
Bobbins  
Freedom flyer
